08 HOW WE WORK

- **Your timeline, agreed upfront.** We agree a delivery date on the call, based on your scope, and put it in writing before any work starts.
- **Simple payment.** 50% to start, 50% on go-live, before the domain and files are handed over.
- **Monthly plans are optional.** Billed monthly for as long as you want them. Stop anytime, and everything we set up stays yours.
- **Free updates come in batches.** A batch is a set of small text or image changes sent together. Landing Page includes 5, Full Website 10. After that, each batch is +5 KWD.
- **You own everything.** Prices exclude third-party subscriptions (domain, email, payment-gateway and WhatsApp message fees), which you pay directly and keep in your name.
- **Valid for 30 days.** Prices may be updated for new quotes.
